

Front Entrance Update

Thank you for your patience!

We are excited that our front entrance project is nearing completion. The letters have been taken off temporarily in order to powder coat them. They will be placed back on the rocks after the 4th of July. We have also compared several bids for a new maintenance company and they have been hired. Thank you to our neighbors who volunteered their time picking weeds and helping the board to identify problem areas.

On that note.....

We love seeing all the beautiful home improvement our neighbors are making! Please don't forget to fill out the home improvement or alteration request form for the following projects: Exterior painting, roofing, fencing, & structural changes. Forms can be printed online at shenwest.org under documents.
