Community Garage Sale Coming Up: May 31st

Join Us in Preparing for Summer!

Have you been doing any spring and summer cleaning around the house? Are you ready to part with some items you no longer need? Consider participating in the annual community garage sale, May 31st, all day! The Board was contacted by the Belmont Park neighborhood HOA to host the garage sale during the same weekend to get more traffic through the neighborhoods. We are appreciative of their desire to work together and make this event even better.

This year, the Board voted to spend some funding on two large dumpsters placed around the neighborhood for community member use. We can fill them up to two tons each! Please utilize these for disposing of all unsold or unwanted items.

The two dumpsters will be available at 4101 N Armstrong Avenue and 9816 W Gurdon Court all day Saturday, May 31st and Sunday, June 1st.

What if you have unsold items that you would rather donate? There are many locations in the Treasure Valley that accept various items. The Board suggests these places:

- The Reusem** – Electronics
- Habitat for Humanity** – Home Supplies and Appliances
- ReStyle Animal Rescue Thrift Store** – Clothes, Toys, Misc.
- Assistance League of Boise** – Clothes, Toys, Misc.
- St. Vincent de Paul Thrift Store** – Clothes, Toys, Books, Misc.
- Library at Cole and Ustick!** – Hazardous Waste on June 10th!

We hope to see you participating! Good luck with your sale!

Front Entrance Maintenance Update

*Noticed Anything
Lately?*

In preparing for summer, one of the Board members volunteered to turn on the sprinklers at the front entrance. It was soon recognized that the sprinkler lines and power to the front have been cut recently, causing quite the commotion.

The Board is working with Fat Beam Fiber, their installation contractors, and Idaho Power to resolve the issue. For now, there are no lights or sprinklers at the front. Please bear with us while we try to solve the problem!

Once everything is back in working order, the Board will be replacing a few dead plants and restocking some of the bark to get everything back and beautiful! Stay tuned.
